QUEEN'S PRINTER AND CONTROLLER OF STATIONERY
OTTAWA,

The Storage capacity figures shown against each individual elevator listed in this publication include the elevator proper and all permanent and temporary annexes attached thereto as registered with the Board of Grain Commissioners for Canada as at December 1st, 1954.

The managers of certain elevator buildings which cannot be licensed as elevators on account of faulty receiving scales have been granted authority to operate them as Special Annexes to specific licensed elevators. These buildings however are listed herein as unlicensed elevators as they can not be used for the purpose of receiving producers' grain delivered in truck or wagon-load lots. They are indicated by the sign "XSA".

" 'Eastern Elevator' means an elevator situate in the Eastern Division. "

" 'Elevator' means any premises into which western grain may be received, or out of which it may be discharged, directly from or into railway cars or vessels, and, notwithstanding anything contained in any other general or special Act, includes any such premises owned or operated by Her Majesty, either directly or through any individual, public body or company. "

" 'Mill Elevator' means an elevator in the Western Division that is operated by a person primarily engaged in the business of manufacturing grain into some other product, into which there is received no grain other than the property of the manager of such mill elevator. "

" 'Private' when used with respect to an elevator, means an elevator that is either used by the manager exclusively for storage or handling of grain belonging to him alone, or, when the manager is a co-operative association of grain growers, or is a company controlled by one or more such associations, is used by such association exclusively for the storage or handling of grain either belonging to it or produced by or received from some one or more of its members. "

" 'Public' when used with respect to an elevator, means any elevator other than a mill elevator, a private elevator, or a semi-public elevator. "

" 'Semi-Public' when used with respect to an elevator, means any elevator, not being a mill elevator, the manager whereof is expressly permitted by the terms of his licence as such manager to bin as he sees fit any grain except wheat graded in any of the four grades first specified in Schedule One or graded into the grades of No. 1 Canada Western Garnet or No. 2 Canada Western Garnet specified in the said schedule. "

" 'Terminal Elevator' means an elevator in the Western Division into which western grain is received after the issue of an inspection certificate under this Act or contemporaneously with an inspection under this Act upon which an inspection certificate is issued, and includes any elevator in Duluth or elsewhere in the United States of America where provision is made by the Board for the inspection of western grain under the provisions of this Act. "

"Track Buyer" - "147 (1). No person in the Western Division shall make any contract for the purchase of western grain, that at the time of the purchase thereof is contained in any railway car and is described by any grade name, on any terms other than the payment of the consideration payable for such grain in full in cash at the time of his making such contract, unless he is the holder of a track buyer's licence under this Act or is employed by the holder of such a licence and acts only on behalf of his employer. "

"Commission Merchant" - "143 (1).
